

My pledge

All profits from my book sales are donated to the following charitable organizations that provide free healthcare services to vulnerable populations.

St. Jude Children's Research Hospital:

Leading global advancements in pediatric medicine, this charity ensures that families never receive a bill for treatment, travel, housing, or food while their children fight life-threatening diseases.

Remote Area Medical (RAM):

Operating mobile medical clinics, this organization prevents unnecessary suffering by providing entirely free, high-quality dental, vision, and medical care to underserved individuals who have no other healthcare options.

Rutgers RWJMS HIPHOP Community Health Initiative:

This student-led project bridges critical gaps in local public health by delivering health education, preventative care, and social support services to underserved urban neighborhoods in New Jersey.

St. Jude Children's Research Hospital, Remote Area Medical, and the HIPHOP Community Health Initiative are critical healthcare charities because they directly eliminate financial and geographical barriers to deliver life-saving treatments, free clinical care, and targeted community health programs to vulnerable populations.
